### **ZERO WASTE EXPRESS**

- After the zero waste training was given to our primary school students who visited our facility, the "Zero Waste Express" was built so that the students could safely visit the facility site and machinery equipment since it was not safe for them to wander around the facility site.
- Our Zero Waste Express, created from barrels, wood waste and stadium seats collected from recycling, is charged using solar panels.
- It is sufficient for our students to bring packaging waste with them to travel with the Zero Waste Express from Melikgazi Zero Waste Station.

### **ESTABLISHMENT OF ZERO WASTE MANAGEMENT SYSTEM**

- With the slogan "Zero Waste in Melikgazi", zero waste studies have started in our municipality.
- As a result of the feasibility studies carried out within the borders of our district, 4,000 zero waste bins (1,000 blue, 1,000 green, 1,000 yellow, 1,000 grey) were made and 1,000 sets of zero waste bins were distributed to institutions. By 2024, 10,000 zero waste (set) bins were distributed to sales points, workplaces, public institutions and organisations.

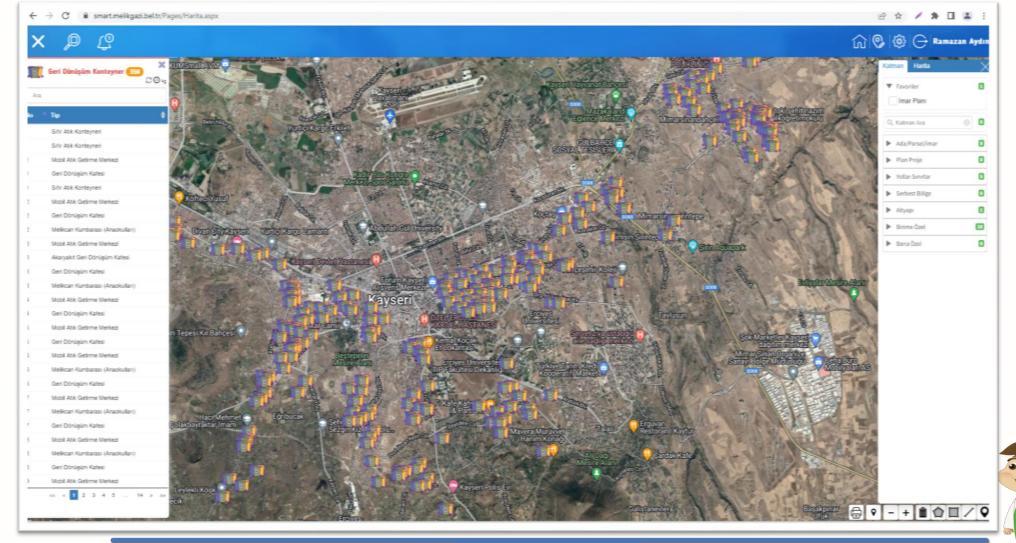

### **ESTABLISHMENT OF ZERO WASTE MANAGEMENT SYSTEM**

The locations of our zero waste equipment such as zero waste containers, Mobile Waste Collection Centre, Textile Waste Bin etc. in our district are processed on our Smart map. In the next stages of our project, citizens will be able to access our project and our citizens will be able to see the nearest container locations.

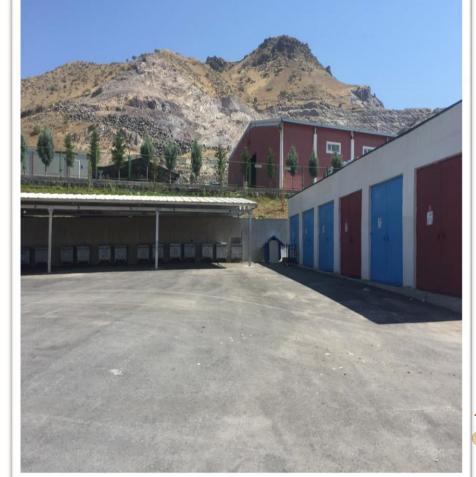

### **ESTABLISHMENT OF ZERO WASTE MANAGEMENT SYSTEM**

Within the scope of the Regulation, 1st Class Waste Collection Centre has been established by our Municipality and our approval certificate has been received. Protocols were signed with Talas Municipality, Akkışla Municipality, İncesu Municipality, Sarıoğlan Municipality, Hacılar Municipality, Pınarbaşı Municipality, Özvatan Municipality and Bünyan Municipality.
