Additional Workshop on Data gathering for NAP

27-29 April 2021 at 10:45 (GMT+3)

Zoom, online meeting platform

Agenda

27 APRIL 2021– DAY ONE

-Introduction on IPPC Approach and Design for NAP

Time	Topic	Speaker
10:30	Log in via on line platform	
10:45-11:00	Opening Welcome speech, introduction of speakers	Head of Air Management Department, Ms.Nazan Özyürek Team Leader Ms.Dubravka Pajin Tucker
11:00-11:30	Introduction of DIES Project, overall objective and expected achievements	Team Leader Ms.Dubravka Pajkin Tucker
11:30-12:00	Introduction of the main EU principles for the design of a NAP that combines all environmental components and relies on the information from BREFs, BATC, BAT-AELs	Key Expert 3, Ms. Bianca Maria Scalet
12:00-12:30	Methodology for Development of NAP	Key Expert 2, Ms. Ülkü Yetiş
12:30-13:30	Break	
13:30-14:00	The Relationship Between Industrial Air Pollution and Large Combustion Plants Legislation, Practices and Industrial Emissions Directive	Air Management Department, Expert, Ms.Sezin Çalık Çepe
14:00-14:30	Waste Management Legislation, Applications and Industrial Emissions Directive Relationship	Zero Waste and Waste Treatment Department, Expert, Ms.Ece Dinsel
14:30-15:00	The Relationship Between Water Pollution Control Legislation, Applications And Integrated Pollution Prevention And Control Directive	Water and Soil Management Department, Environmental Engineer, Mr. Ali Hakan Balman
15:00-15:30	<i>Open discussion /Questions & Answers/ Wrap up and closing of 1st Day</i>	

This project is co-funded by the
European Union and the Republic of Turkey

**Determination of Industrial Emission Strategy of Turkey in Accordance with
Integrated Pollution Prevention and Control,
EuropeAid/139596/IH/SER/TR**

**28 APRIL 2021 – DAY TWO
Objective and expected achievements on NAP development**

Time	Topic	Speaker
10:30	Log in via on line platform	
10:45-11:30	NAP Development Through Industrial Participation and Benefits Of IPPC Compliance for Industry	Senior Non-Key Expert, Ms. Zeynep Yöntem
11:30-12:15	General overview of data collection methodology and tools	Senior Non-Key Expert, Ms. Beril Şenyurt
12:15-12:30	Questions & Answers	
12:30-13:30	Break	
13:30-14:00	EU Practices Regarding National Action Plans; Examples	EU Consortium Partner, Vito Mr. Vander Aa Sander
14:00-14:30	EU Practices Regarding National Action Plans; Examples	EU Consortium Partner, Ineris, Mr. Benoit Schnuriger
14:30-15:30	Discussion Session with speakers and participants on: - Structure of the NAP - Additional examples from different EU Countries on transposition of IED and NAPs - Essential information needed from other institutions for designing NAP - Relation of NAP with other Action Plans on Recipient Environment Based Noise, Air, Basin, Water, Soil, Waste, Climate, Energy etc.	Moderators: Key Expert 2, Ms. Ülkü Yetiş Key Expert 3, Ms. Bianca Maria Scalet
15:30-16:00	Questions & Answers/ Wrap up, conclusions/End of Workshop	

This project is co-funded by the
European Union and the Republic of Turkey

**Determination of Industrial Emission Strategy of Turkey in Accordance with
Integrated Pollution Prevention and Control,
EuropeAid/139596/IH/SER/TR**

29 APRIL 2021 – DAY THREE- Methodology for sectoral Analysis

Time	Topic	Speaker
10:30	Log in via on line platform	
10:45-11:45	Workshop session on data collection tools and introduction on sectoral analysis studies for Chemical and Mineral Sectors: <ul style="list-style-type: none">- BAT Checklists- Site visits- Other tools/measures	Moderators: Key Expert 2, Ms. Ülkü Yetiş Key Expert 3, Ms. Bianca Maria Scalet
11:45-12:30	Discussion session: How to use the lessons learned from previous sectoral projects: LCP, Cement, Automotive sector, Metal sector, in order to support the decision on the methodology to choose for the development of NAP	Moderators: Key Expert 2, Ms. Ülkü Yetiş Key Expert 3, Ms. Bianca Maria Scalet
12:30-13:00	Questions & Answers/ Wrap up, conclusions/End of Workshop
