TURKEY ENERGY EFFICIENCY IN PUBLIC BUILDINGS PROJECT
(P162762)

TERMS OF REFERENCE FOR
PROCUREMENT EXPERT
(Ref: EEPB/WB/MoEU/PIU-IND-PE-01)

1. BACKGROUND

The Ministry of Environment and Urbanization has received financing from the World Bank toward the cost of the Energy Efficiency in Public Buildings Project (EEPBP) and intends to apply part of the proceeds for consulting services.

The project investments will focus primarily on the renovation of central public buildings with high energy consumption and shorter pay-back periods. The proposed project would be implemented through two components: (i) energy efficiency investments in central government buildings; and (ii) technical assistance (TA) and project implementation support.

The General Directorate of Construction Affairs (GDCA) under the Ministry for Environment and Urbanization (MoEU) has been delegated to assume overall responsibility for the project. This will include completion of the necessary activities to support project preparation as well as implementation for the five-year project period. In parallel, grant funding has been mobilized from the Clean Technology Fund (CTF) to help analyse the investment needs and potential of the central government buildings.

Through the Energy Efficiency in Public Buildings (EEPBP) Project, approximately 500-700 public buildings will be renovated energy efficiently resulting energy savings. As the proposed projects aims to renovate public buildings with the highest energy consumption, the immediate direct beneficiaries would be the public sector as the budgetary savings from the investments, resolution of budgetary constraints for central government buildings associated CO₂ emissions reductions as a result of the energy savings (tons of CO₂ equivalent) and also users of the public buildings (administrative staff and society) and public communities in the catchment areas of the identified facilities.

The General Directorate of Construction Affairs (GDCA) would establish a project implementation unit (PIU) which would be responsible from overall implementation of the project such as selection of the buildings, procurement of the various contractors (e.g. energy audits, technical designs, renovation works, construction supervision, savings verifications, technical assistance or consultancies, etc.).

Within the framework of the Energy Efficiency in Public Buildings Project, a Procurement Expert (EEPBP/WB/MoEU/PIU-IND-PE-01) will be employed at Project Implementation Unit of the General Directorate of Construction Affairs of Ministry of Environment and Urbanization (MoEU).
