

This is a detailed topographic map of the Izmir region in Turkey. The map is oriented with North at the top. It features a grid system with UTM coordinates. The Easting coordinates range from 510000 to 540000, and the Northing coordinates range from 4210000 to 4260000. The map shows the city of Izmir and its surrounding districts, including Konak, Buca, Gaziemir, Menderes, Torbalı, and various smaller towns and villages. The map also shows the Aegean Sea (Ege Denizi) and the Gulf of Izmir (İzmir Körfezi). The map is color-coded to show different types of terrain, including urban areas (brown), agricultural land (green), and water bodies (blue). The map also includes a scale bar and a north arrow.
